We believe that **taking care** is taking action.

We take care when we act. A caress, a smile, a simple gesture of kindness, the blooming of a flower. Any small change for a better living.

Provital
Do Care

Company Profile

Since 1979, we combine Nature and Science in our **high-quality cosmetic ingredients.**

We co-create with our clients to meet their needs, **anticipating trends** and formulations, delivering effectivity and agility.

Provital

Do Care

Caring for people, communities and the planet has always been our driving force.

Provital

Do Care

"Do Care" is a proactive and inviting statement that emphasizes Provital's purpose, reaffirming its responsibility and strong commitment to care for nature and people and to **take action** for them. At the same time, encouraging clients and the industry in general to "Do Care", to spread the act of **taking care** for others and for the planet.

We combine nature and science

to capture the essence of the Earth in our high-quality cosmetic ingredients while respecting the envioroment

Science

In-house tissue engineering
First reconstructed skin model for stretch marks

Plant stem cell biotechnology
High-quality, lab-grown ingredients using the most sustainable methods

Triplobiome™ Technology
An endophyte-based platform that uses interkingdom symbiosis to create ecosystem ingredients

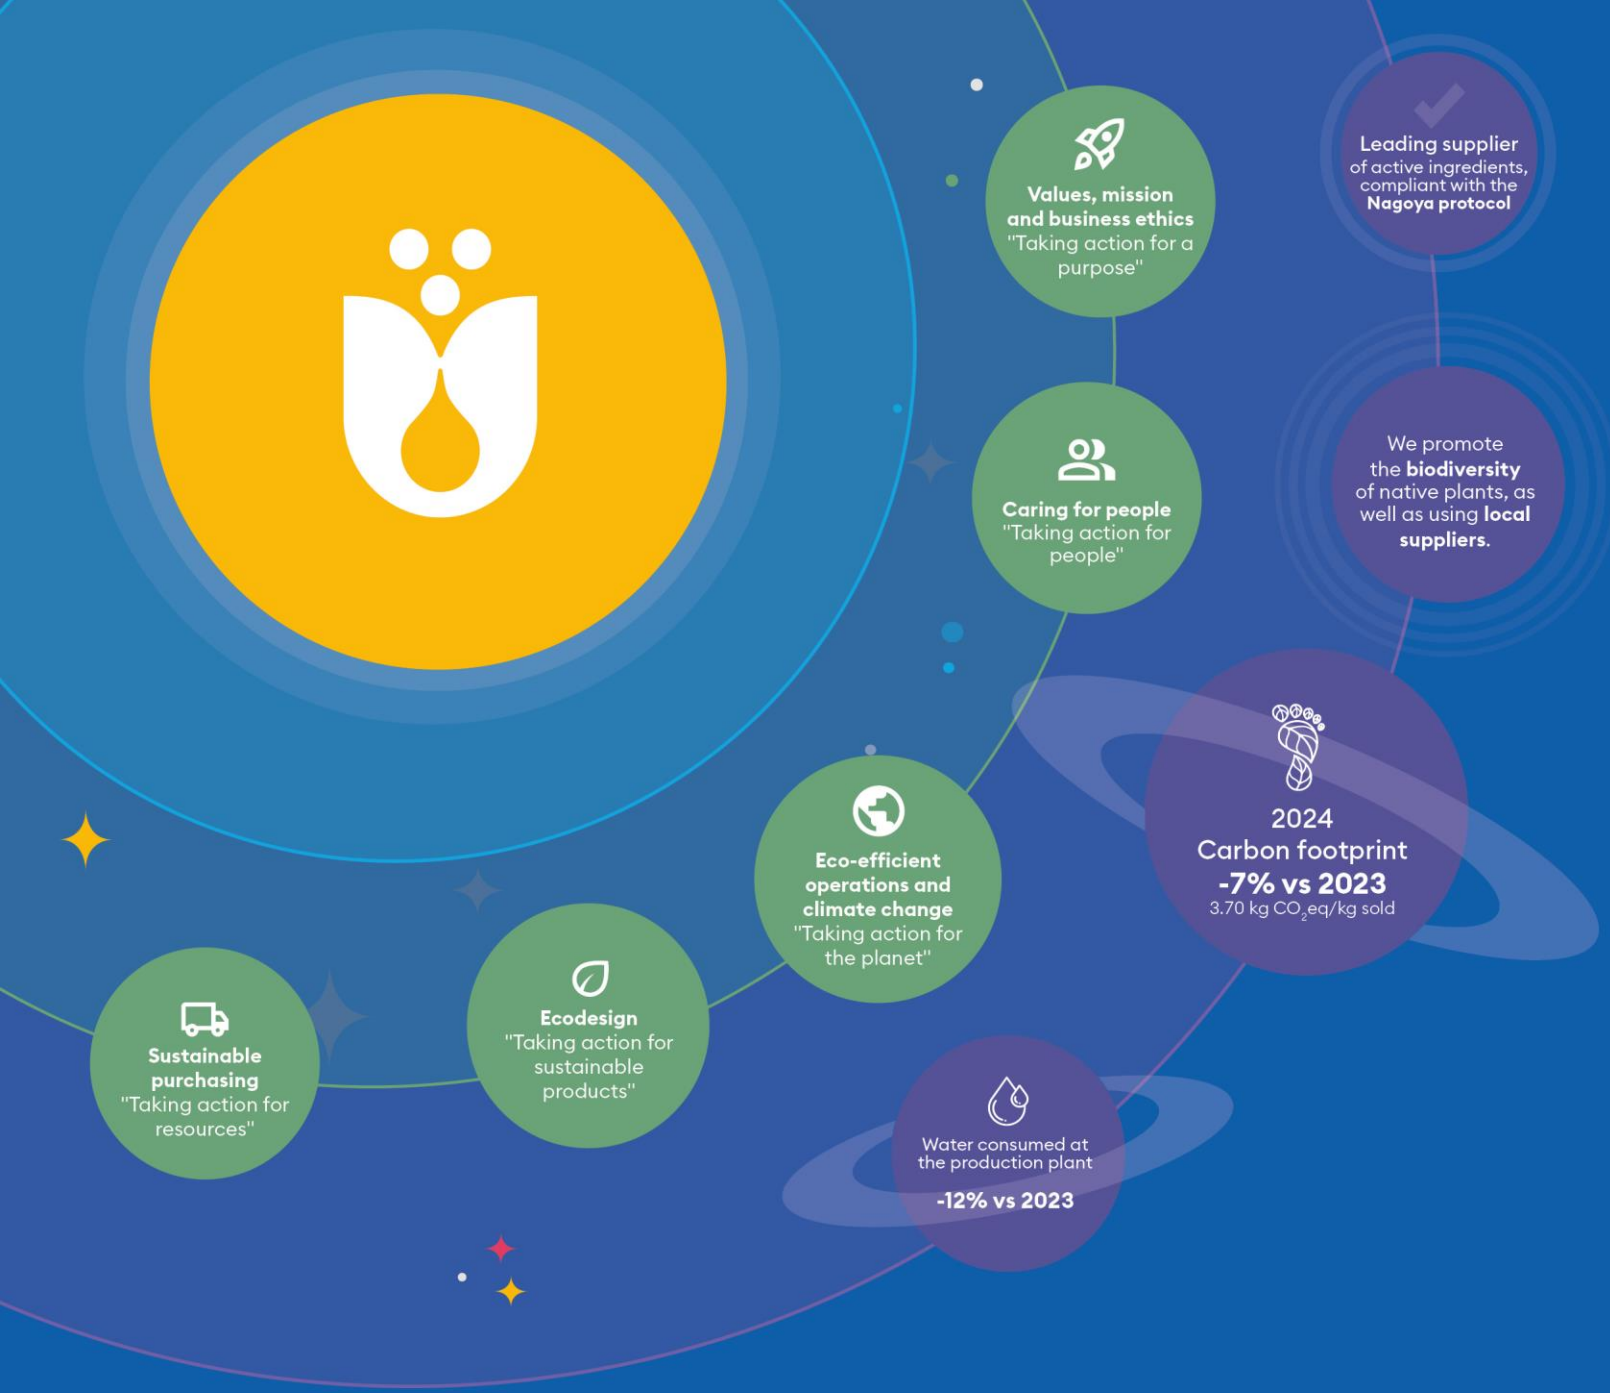

Multiomics
The analysis of complex big data from multiple "omes" (the transcriptome, lipidome, metabolome, etc.) to characterize key cellular pathways in the skin

3D Matrix
Sustained biopolymer release to optimize the efficacy of active ingredients

Sustainability

Taking action

High quality extracts, biotechnological & fermented ingredients

CareActives™

The power of caring, in action

Science and nature work together to take care of our well-being.

A wide variety of active ingredients that extend the benefits of nature to enhance natural beauty.

71 active ingredients

Skin Care
- Hydration
- Aging
- Texture & Tone
- Sensitive Skin
- Oily Skin
- Body Care
- Sun & Senses

Hair Care
- Hair Care
- Hair Protection
- Hair & Scalp Health

CareMotives™

The positive emotion of caring

We extract the essence of nature to awaken the emotions evoked by natural beauty.

Natural extracts transformed into vibrant fusions, warming care products, respectful versions and energizing essences.

289 natural extracts

- OilyCares: Oil-soluble natural extracts
- VitaCares: Water-soluble natural extracts
- SparkCares: Combinations of different natural extracts
- ImagineCares: Alternative choices for extracts
- EcoCares: Organic natural extracts

Certifications & Compliance

Verified by ECOCERT COSMOS APPROVED — 52 CareActives™ 104 CareMotives™

ECOCERT COSMOS CERTIFIED — 3 CareActives™ 29 CareMotives™

GOOD MANUFACTURING PRACTICE GMP CERTIFIED

HALAL CERTIFIED

Provital is a certified member of RSPO under the Mass Balance (MB) supply chain model.

Provital
Do Care

Because beauty is diverse,

we encourage all kinds of beauty.

Provital
Do Care

We care for people.

We care for our suppliers, partners, fellows & society.

Caring for people, communities and the planet has always been our motivating force

Mexico
Mujeres y Ambiente (Women and Environment), best project for **fair trade, biodiversity** and support for **local community development** in Querétaro, Mexico with our Agascalm™ and Ethicskin™ ingredients

Members of:

UNION FOR ETHICAL BIOTRADE
SOURCING WITH RESPECT®

Leading supplier

of active ingredients, compliant with the **Nagoya protocol**

Committed to **sustainability** and **transparency**. All our impact data is on our **website.**

Provital is a **certified member of RSPO** under the **Mass Balance (MB) supply chain model**, committed to obtaining our raw materials derived from palm oil and palm seed oil from RSPO-certified sources, **thereby contributing to the use of sustainable palm oil** through our supply chain.

Provital
Do Care

Direct contracts with ethical and sustainable partners.

We work with selected suppliers in an effort to establish direct contracts with local farmers. This allows us to ensure a fair, secure and traceable supply chain.

ACCESS &
BENEFIT-SHARING

First active ingredients provider
that complies with the
Nagoya Protocol

Provital
Do Care

Equator Prize 2020

UNDP

"The activities have empowered the women to create jobs and improve livelihoods in their community."

Provital
Do Care

We reduce inequalities.

We support local communities through our projects, preserving biodiversity.

We promote fair trade and labour market inclusion.

We promote agreements with disability-sensitive companies.

Provital
Do Care

Go beyond formulations

We give opportunities for future cosmetic formulators worldwide, encouraging their original ideas and creativity and giving them visibility.

Provital
Do Care

We care for Nature.

We capture the essence of the Earth while respecting the environment.

Our actions to take care of the planet:

Efficient and sustainable facilities.

Ethical and environmental audits: ECOVADIS, SMETA & QIMA.

Improvement of environmental aspects: waste, water, energy, air, and soil.

The natural and ecological content of all products is evaluated according to ISO standard 16128. As general criteria, this evaluation is based on the 12 principles of green chemistry.

Projects using stem cells as a renewable plant source.

Sustainable development projects: BioDeVaTe & Mexico Sustainability (MXS)

Provital
Do Care

Ecovadis Silver 2026

The EcoVadis method covers 7 management indicators based on 21 sustainability criteria. The method is based on the main sustainability standards, such as the GRI (Global Reporting Initiative), the UN Global Compact and the ISO 26000 standard, and is supervised by an international scientific committee.

+1 point vs. 2025

BioDeVaTe Project

Protection of the biodiversity of our nearest surroundings.

PARC DE LES OLORS

Mexico Sustainability

An example of successful conservation through the sustainable use of genetic resources.
