CareMotives™
Natural extracts

Manifesto

We believe that taking care is taking action.
We take care when we act. A caress, a smile, a simple gesture of kindness, the blooming of a flower.
Any small change for a better living.
Taking care is the force that moves us forward.
It is also our commitment to people, communities and our planet. We care and take action for them.

We care by combining nature and science to capture the essence of the Earth on our high-quality products.

We care by partnering with our clients and co-creating with them to meet their needs.

We care by anticipating trends to create the latest formulations, working with agility and effectiveness.

We care by inspiring our clients and motivating our teams to keep growing together.

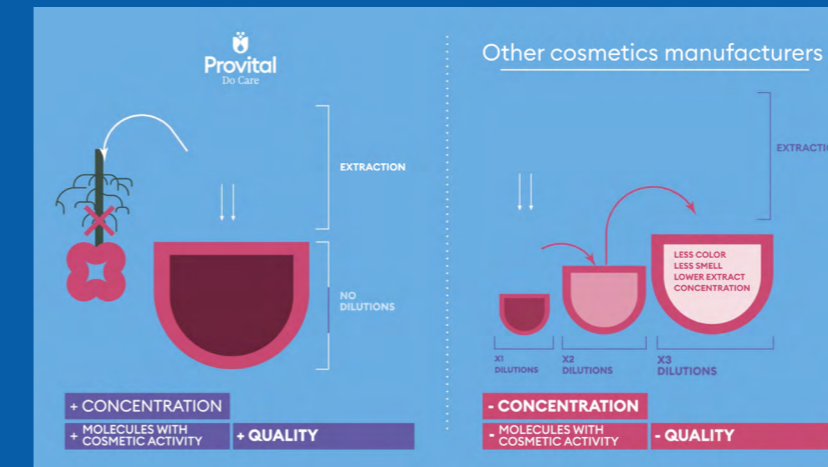

And because we take care, we create natural ingredients that spread positive emotions and allow every person to find their own way to express their beauty.

The best balance for natural beauty

Quality

The highest quantity of extract using only selected parts of the plant, in a single extraction process, with no dilutions

Transparency

Detailed documentation for each ingredient

Provital is a certified member of RSPO under the Mass Balance (MB) supply chain model, committed to obtaining our raw materials derived from palm oil and palm seed oil from RSPO-certified sources, thereby contributing to the use of sustainable palm oil through our supply chain.

Committed to sustainability and transparency. All our impact data is on our website.

Our extracts classification

We extract the essence of nature to awaken the emotions beauty can evoke. Natural extracts transformed into dynamic fusions, indulgent care products, respectful versions and energizing essences.

OilyCares

Oil-soluble natural extracts

Oil-soluble extracts of plants, flowers, trees, bulbs, grains, nuts, fruits, resins, algae, roots, seeds, spices.

We extract the essence of nature to offer a selection of indulgent and comforting oils. Beauty in its purest form.

VitaCares

Water-soluble natural extracts

Water-soluble extracts of plants, flowers, trees, bulbs, grains, nuts, fruits, resins, algae, roots, seeds, spices.

We extract the essence of extraordinary plants growing in the most diverse places and concentrate it in a celebration of natural extracts brimming with life-giving properties.

SparkCares

Combinations of different natural extracts

Combination of various natural extracts. Different solubilities.

We make use of traditional knowledge to extract the essence of nature's healing properties in a vibrant fusion of multi-functional natural extracts that awaken our natural beauty.

ImagineCares

Alternative choices for extracts

Hydrolysates, distillates, milks, vitamins, minerals, vinegars and sulfur. Different solubilities.

We invite you to imagine a world of personal care inspired by a wide variety of compositions nature has provided. A mixture of forms, colors and textures.

EcoCares

Organic natural extracts

COSMOS-certified organic extracts. Different solubilities.

A meticulously selected range of our COSMOS-certified organic natural extracts, based on our solid commitment to respect nature in all its splendor for the benefit of our general well-being.
